

FINANCIAL AID AND SCHOLARSHIPS are available at Saint Patrick School through the generosity of the Daughters of Charity and the Diocese of San Jose. We have a strong commitment to providing a Catholic education to those families who cannot afford full tuition.

EXTENDED CARE is available after school from 2:30 p.m. - 6:00 p.m. for children enrolled in kindergarten through eighth grade.

FEDERAL MEAL PROGRAM -- Breakfast and lunch are available to all students - free or reduced price meals for Saint Patrick students who qualify.

SAINT PATRICK SCHOOL

MISSION STATEMENT

In a spirit of unity, peace, justice and openness to diversity, St. Patrick School

- Comes in the name of the Catholic Church
- Receives and learns from others
- Dedicates itself to proclaiming the Gospel through prayer, community and service
- Ministers in a way that awakens learners to their unique gifts and calls them to be responsible, respecting the global community, the earth and its resources
- Educates students spiritually, academically, socially and physically to become citizens of our changing world.

- After School Sports Program available for boys and girls in fifth through eighth grades
- Student Council promotes leadership and school spirit

KINDERGARTEN THROUGH EIGHTH GRADE

Located in the heart of downtown San Jose, Saint Patrick School has educated students since 1925. Today, under the sponsorship of the Daughters of Charity, Saint Patrick's fosters a learning environment where students are respected, nurtured and challenged to develop their full potential.

We strive to be a faith-filled community centered in the Catholic faith with a commitment to develop community, a life of prayer and spirituality with service and outreach to others.

Saint Patrick is a place of welcome. We see the cultural and ethnic diversity of our students and their families as a richness.

We offer a comprehensive academic program, emphasizing strong reading and writing skills.

The use of computers and technology is integrated into the curriculum. All classrooms have computers used by the students for Accelerated Reading, Accelerated Math, on-line social studies and science programs, research and projects.

To enrich the academic curriculum all students have music, art and physical education classes. Students' artwork is displayed throughout the school. Each year there are two choral concerts and an art show.

Parental participation in the life of each student is key to a successful learning experience. We encourage on-going parent-teacher communication, especially in the areas of academics and behavior. There also are many volunteer opportunities for parents, including classroom and school activities, art classes, and fund-raising projects.
